CONCEPT A IS MY LEAST FAVORITE, BUT I'M GLAD THE CITY IS INVESTING IN THE GIVENS POOL AS A BASELINE (IT'S A VITAL COMMUNITY RESOURCE ON THE EAST SIDE OF TOWN).

Lots of shade and use of existing entrance, large zero entry area.

4/30/2021 01:58 PM

I like that the diving area is separate from the lap lanes, and can provide an opportunity for adult free swim separate from little kids free swim. I

	like that the entry is through the historic structure. I like the shaded grass space to the north.

Anonymous 5/01/2021 07:23 PM	I like the additional shade structures
Anonymous 5/02/2021 08:36 PM	Plenty of shade. Separation between lap swimming and rec swimming.

Anonymous 5/03/2021 03:16 PM	the space for lap swimming
Anonymous 5/03/2021 03:24 PM	Shade, but don't need AC building--open air only--hello climate change! Do your part Austin! Runway is a waste of space and will promote running!
Anonymous 5/03/2021 03:39 PM	Leaves access to diving board and large pool for casual swimmers
Anonymous 5/03/2021 05:56 PM	I like that there is a shaded shallow area for young children to play, and minimal disruption to diving and lane swimming.
Anonymous 5/03/2021 10:07 PM	The shade.
Anonymous 5/04/2021 11:50 AM	I love that there is a shade over the pool in the shallow. If you have ever been in a pool during July in Austin, you will know that shaded pool spots are often where everyone wants to be. It will also keep the water cooler. I also like the runway. It would be wonderful for pageants and an

excellent teaching spot for water fitness classes. I live right down the street from Givens and taught aqua yoga at city pools (pre-COVID). Teaching on the runway would be a dream. Class participants could practice yoga all around the edge of the runway and I could see everyone's legs and feet from the runway! The way the runway divides the pool allows for a continuous feel to the pool while keeping the play area separate from the lap lanes. It is also a kindness for anyone who wants to enough the lap lanes but has trouble using ladders or steps.

I like that people can walk from more shallow end to lap pool. That really helps folks with disabilities get in more easily. Also, large shaded child area is essential. I wish there was more shaded area to lounge near the pool.

Anonymous

5/05/2021 01:38 PM

I like the shade over the shallow pool, the run way and how the lanes are laid out.

Shade, big zero entry area, separate diving area

Anonymous 5/05/2021 07:42 PM	The shade covers the water so you can relax under the shade while still in the pool
Anonymous 5/05/2021 08:37 PM	Shade in pool. Same entrance.
Anonymous 5/06/2021 08:28 AM	Lots of shaded areas over the pool
Anonymous 5/06/2021 08:28 AM	I like the shade sails above the water.
Anonymous 5/06/2021 09:18 AM	The shade structure, the zero depth entry, that the pools are connected, that part of the actual pool is shaded
Anonymous 5/08/2021 06:00 AM	Nostalgic fluidity
Anonymous 5/08/2021 09:16 AM	Access from lap pool to swim pool is open but clearly defined
Anonymous 5/08/2021 01:23 PM	Likes: Lap lanes obviously distinguished from the diving area. Good shade over the play area. Dislikes: not much open water swim. Please keep the long swim lanes!
Anonymous 5/10/2021 12:35 AM	The reserved diving area. And the shade covering. But could it be filled with fresh spring water instead of chlorinated. I have to drive west to get pools without chlorine - Deep Eddy and BSprings. I'd like a fresh water or salt water pool in east Austin.
Anonymous 5/12/2021 10:00 PM	One big pool and diving separate that lap lanes. I like the runway, nice ode to history turned into functional design.
Anonymous 5/13/2021 05:14 AM	I like the shaded section would make the pool more accessible for me and the diving is separate from swim lanes
Anonymous	The restrooms look larger.

Q5 | What do you like about Concept B?

Anonymous

4/28/2021 08:11 AM

greenery

Anonymous

4/28/2021 08:12 AM

I like the large open swim space and the lap lanes on the side.

Anonymous

4/28/2021 08:28 AM

large open swim area and a separate area for lanes.

Anonymous

4/28/2021 08:51 AM

I love the large open swim area in the pool as well as the spatial distinctions between the large open swim area and the zero entry play area, which will likely be more frequented by children. This will allow children a specific area to play while also giving older youths and adults a space of their own in the open swim and lap lanes. I also love the water bench added in the pool along the circular shade pavilion! I like that the pavilion is utilized as a larger multi-purpose area as opposed to the other two concepts which have a smaller multi-purpose area positioned away near the storage facility. The pavilion is a staple of the pool in its history and it would be great to see it revived and used for more than just an entryway. Moving the entry to the side of the facility also creates more privacy (and safety) in case the pavilion is being utilized for a gathering or events. I also like how the covered entry passes by a new rain garden! I think

some more shade structures should be added to this concept, however. I also think that the changing areas should be accessible from the inside of the restrooms and not from the inside of the pavilion, in case there is an event or private gathering inside.

Anonymous

4/28/2021 08:55 AM

separating entrance from multipurpose pavilion allows for greater activities to take place under the pavilion without restricting entry

Anonymous

4/28/2021 11:39 AM

lap lanes separated from the recreational areas of the pool without being disconnected; entry is separate from the restrooms - will help with how much traffic is in the same area; larger open swim area (helps to separate area for older kids who tend to play more "rough" than younger kids interested in the play features)

Anonymous

4/28/2021 03:56 PM

I like changing next to bathrooms. I do not like mix of diving with laps. I like more shade over the pool.

Anonymous

4/30/2021 07:07 AM

Big open swim area, long water bench.

Anonymous

4/30/2021 01:58 PM

I like the larger free swim area, and the larger grass area around the large NW tree.

Anonymous

4/30/2021 07:32 PM

more open space for play and also the lap lanes

Anonymous

5/01/2021 07:23 PM

I love how the open swim area is connected to the lap lanes and that not too much space is dedicated to diving (especially not diving independent of the lap lanes).

Anonymous 5/02/2021 08:36 PM	I don't like this one
Anonymous 5/03/2021 08:30 AM	The amount of space for open swim
Anonymous 5/03/2021 02:24 PM	no break ups in pool, diving board
Anonymous 5/03/2021 03:16 PM	the space for lap swimming
Anonymous 5/03/2021 03:24 PM	Shade, but don't need AC building-- open air only--hello climate change! Do your part Austin! Keep entrance entact.
Anonymous 5/03/2021 05:56 PM	I like that everything is connected and the pool doesn't feel dominated by exercise use.
Anonymous 5/04/2021 11:50 AM	I don't like it. It doesn't allow for full lap swimming and use of the diving board. There is way too much sun on the pool too. Needs much more shade!
Anonymous 5/04/2021 02:45 PM	Shade structures
Anonymous 5/04/2021 07:12 PM	I think this is the most integrated of designs, that stays true to the original Givens Pool we all love. I also like the entry being a little more "green" by having pool users walk past the rain garden.
Anonymous 5/05/2021 06:29 AM	Maximizing on as much open swim space as possible.
Anonymous 5/05/2021 06:56 AM	integration of all the parts of the pool / sharing

Anonymous 5/05/2021 06:15 PM	Big open swim, looks nice with the curves, lap lanes take up less area
Anonymous 5/05/2021 07:42 PM	I prefer this of the 3 because of the larger open swim area
Anonymous 5/05/2021 08:37 PM	Large open swim
Anonymous 5/06/2021 08:28 AM	Plenty of free swim area
Anonymous 5/06/2021 08:28 AM	I like the large open swim area.
Anonymous 5/06/2021 09:18 AM	The circular entry, that the pools are connected, more recreational play space.

Anonymous 5/08/2021 06:00 AM	Serviceability
Anonymous 5/08/2021 09:16 AM	Access from lap to swim pool allows for "traffic jams"
Anonymous 5/08/2021 01:23 PM	Big open swim area. I like the rounded design and how it merges into each swim area. Dislikes: very confusing diving and lap lane areas. Please keep the long swim lanes!
Anonymous 5/12/2021 10:00 PM	The shave structures could be added to option A.
Anonymous 5/13/2021 05:14 AM	I don't know what the red loop is but this looks similar to whats there. I think the water bench in a is in a risky spot for nasty people. This is better I think. Lol.
Anonymous 5/13/2021 07:13 AM	No walk ways. See them as an extra opportunity for individuals to slip. Like the side entrance. Multi-purpose

COA Parks & Rec 5/14/2021 10:59 AM	The layout of the pool
COA Parks & Rec 5/14/2021 11:27 AM	I like to have concept B for the pool
COA Parks & Rec 5/14/2021 11:39 AM	The entrance is directed to the lifeguard who will be able to direct occupants.
Anonymous 5/15/2021 09:32 PM	The pool is one big unit but needs to maintain its rectangular size so that there is an overview of the pool for the lifeguards for safety purposes and parents so they can see their children. The view is obstructed. The entrance still needs to be at the front not the side. People need easy access regardless of age and disability. Still need to have the baby pool somewhere. Lap lanes need to be on the long side not horizontal but vertical to get a good workout. Only four lanes are needed not six.
Anonymous 5/17/2021 10:06 AM	I don't like this one
Anonymous 5/17/2021 04:26 PM	More free space, especially for children
Anonymous 5/17/2021 04:28 PM	For the kids

Very separate areas depending on the activity. Swim lanes do not share with diving or run a risk of play interfering with lanes. The diving area has a dedicated space to enjoy that activity uninterrupted. And the Open swim area with a zero-entry pool looks idea! This is my favorite! Please add additional shade structures to concept B. Please ensure there is adequate space for lounge chairs around all edges of the pool.

Anonymous

4/28/2021 08:55 AM

Is there no way to capture space under the large tree to the NW for additional shaded lounge/ recreation area? Because of accessibility concerns? I would ask for additional blending from hardscape to soft.

more benches - often parents/guardians want to watch their kids from the side; the ground often had too many grass burrs/stickers and our towels would be covered with them making it difficult to dry off after getting out of the pool; older grandparents prefer sitting on a bench because it's harder for them to get up/down off a blanket on the ground

For option B, add more shade over the pool and possibly use existing entrance.

Is it possible to add water benches at the perimeter of the diving area? Will poolside furniture be provided? Is it possible to add a lounge shelf (lounge chairs in water) adjacent to the free swim area?

Any way to get shade over part of the play area for kids on concept B?

Anonymous

5/01/2021 07:23 PM

The slide is a large allocation of space and money and it will not

serve nearly as many people.
Increase the play features instead!
Better to have one of these features
done right than both be half-hearted.

I think adding a water bench along

great.

PLEASE move the pool boundaries
back a yard back and increase shade
covering in the new areas (via trees)
so people have more shaded space
to lay in the grass. There is a ton of
space on the 12th street side that
you all could incorporate into the
pool. I don't think the current space
provided for lounging is big enough.
One of the many things that makes a
popular hang out spot like Barton
Springs so great is that it has ample
shaded grass for lounging. This
surplus of cool comfortable space
really adds to the feeling of
community and peacefulness
because space to lounge is not
lacking.

Q8 | Do you have any questions or comments about the Givens Pool for the project team?

Anonymous

4/28/2021 08:11 AM

how?

Anonymous

4/28/2021 08:55 AM

Curved walls increase material waste, add waterproofing difficulty, and do not add much to the overall design. You could achieve the desired effect with flat walls at angles. Please do not waste taxpayer money and create maintenance issues because of bad design.

Maybe have 2 nights for meetings. I had class during the meeting so couldn't attend. Happy to at least have opportunity to give comment here. Disappointed it's taken this long for this planning to occur. It should have started when the pool was closed in 2019.

GIVENS POOL IS A LIFELINE IN THE MLK/GIVENS/SPRINGDALE NEIGHBORHOODS. THE POOL BRINGS ALL KINDS OF PEOPLE AND FAMILIES TOGETHER, AND ITS ROBUST SIZE ALLOWS MANY TO ENJOY IT SIMULTANEOUSLY. WHATEVER THE ULTIMATE DESIGN, I MERELY HOPE IT CAN CONTINUE TO SERVE AS A GATHERING PLACE FOR ALL— THOSE CASUALLY LOOKING FOR A DIP, THOSE TRAINING FOR THEIR NEXT RACE, AND THOSE COMMUNITY ORGANIZERS AND ARTISTS WANTING TO FOCUS ON A CENTRAL SPACE FOR ALL.

Will there be a baby pool (like at Dove Springs) and a splash pad (like at Rosewood)? Can the changing/restrooms still be open roof to prevent mildew, maintain cleanliness, and facilitate easy clean-up? This also is helpful to the lifeguard crew. On a safety level - someone might be in distress and people can help them sooner. The restrooms at Walnut Hills pool are scary and damp. Someone could be in distress or attacked by somebody and no one would know that that person needs help. Will there be a lift for the folks with disabilities to access the pool or special made ramps for those persons who need to enter the pool? Will there be a return to having a concession stand or vending machines like in the 1970's/1980's? Will there be a formal studio type dressing room for local community theater productions during the spring, summer, and fall? Can there be a simple but small elevated stage inside the entrance for community

events when held at the pool?
